METHODOLOGY

- Using systematic LR as a **guide to review, identify and theme** for target population in modern agriculture research in Malaysia. The systematic review **use keyword** to collect and **select theme and group** and thus analyze and summaries the result (Higgins et al 2011).
- Start **searching resource database** through database Scopus, WOS and Google Scholar. A literature search produced a total of more than 30 articles, of which 22 are randomly picked for detailed review based on ***three keywords:*** Target population, Malaysia context, and Modern Agriculture.
- The searching strategy could enable research to formulate to research objectives

1.0 Background of Study
It is encouraged for the government to include some others measurement on measuring the development of countries including poverty rate.
There is an increasing of poverty rate since the year 2019 to 2020.
This situation happened due to the impact of Covid-19 and brings a great negative impact towards economic and wealth of people.
